

**JOB TITLE: Commodities Market Research Expert**

**LOCATION:** Pennsylvania

**Posted:** March 1, 2009

**SUMMARY:**

Initiate, design, manage, direct, and analyze market research to provide actionable information and recommendations to the management of the Commodities Group. Market research of particular importance is electricity & energy. Partner with Commodity Managers to develop risk mitigation strategies.

The focus are those individuals who have market research experience/risk management experience in commodities, not product purchasing trends. This person will be making high-level recommendations on energy and commodities purchasing decisions to Director/VP levels. They must be an expert in their field.

Comp - \$110,000 - \$130,000
